

Harlequin Collection No2

P22 HQ NO2

Availability: In Stock

DESCRIPTION

We knew the quilted crosshatchings of our Harlequin Collection of decorative pillows brought each one an uptick in sophistication but we couldn't help ourselves in nudging these throw cushions toward elegance with the introduction of a poly-velvet panel. The Harlequin Collection No. 2 is oh-so-chic in a sky blue with a navy stripe but this is but one of a number of colors in this collection so feel free to mix and match.
