Power allows you to smoothly recline to any position.  
A single USB port is included on each power button control on styles with arms.  
The power control allows you to independently adjust the recline and headrest.  
A separate home button returns the headrest and footrest to their original positions with one touch.  
A USB port is included on the power control for powering electronics.  
Zero draw technology only uses power when the USB port is in use.
