MOE'S

Margot Secretary Desk Natural

Work mode, hide mode—Margot does both with zero fuss. This cabinet-style desk drops down into a stable surface when you need it, then closes up to keep your space feeling calm. Inside, integrated shelving holds documents, notebooks, and daily essentials, with a narrow support shelf placed to boost stability while you work. Wrapped in durable synthetic wicker for a woven look in a warm natural tone, it finishes with clean, simple metal knobs.

- Cabinet-To-Desk Magic: A compact secretary silhouette blends storage and workspace, keeping rooms feeling open while adding a warm woven presence in natural finish.
- Woven, Wood, Metal: Sungkai wood structure pairs with synthetic wicker wrap for an organic look, finished with simple metal knobs for an easy contrast.
- Supportive Structure: A well-made frame and thoughtfully placed interior support shelf reinforce the drop-front panel, helping the work surface feel steady during use.
- Tidy Interior Storage: Interior shelving organizes books, documents, and stationery, then disappears behind the closed front—ideal for multi-purpose spaces that need quick reset.
