Features

Cinema is coming home

Feel the emotion and excitement of the movies with BRAVIA Theater. Our decades of professional filmmaking experience allow us to faithfully recreate the creator's vision at home with intricate surround sound and spatial audio. Immerse yourself in the story through powerful sound that fills every corner of the room, in lifelike accuracy.

Cinematic 3.1.2ch spatial sound

Acoustically designed to deliver cinematic spatial sound with 3 front-firing speakers, including a dedicated center speaker for clear dialogue. Additional dual up-firing speakers bounce sound above you adding an elevated dimension to your movies. The soundbar is accompanied by an included wireless subwoofer for rich, powerful bass.

Sound straight from cinema

Get the best streaming experience and authentic cinema sound as the creator's intended with support for industry-standard formats Dolby Atmos® and DTS:X®.¹

Center speaker for clear dialogue

A dedicated center channel speaker ensures clear voice reproduction in every scene. From intense conversations to hushed whispers, you'll catch every word, enhancing your experience across all types of content.

BRAVIA Theater and BRAVIA TV, the perfect pair

Pair BRAVIA Theater with a compatible BRAVIA TV for an unmatched audio-visual experience. Control soundbar settings on the TV's Quick Settings menu and adjust volume and sound settings with a single remote. When paired with select BRAVIA TVs, take advantage of Voice Zoom 3™, which uses AI to improve dialogue and ensure people's voices are always loud and clear.²

Wireless Bluetooth® streaming

Enjoy wireless music streaming from your smartphone and other devices with Bluetooth® technology.^{3,4}

Give your favorite music a boost

Enjoy tracks like you're in the recording studio with the artist. Digital Sound Enhancement Engine (DSEE) up-mixes compressed digital music, restoring acoustic details for a richer listening experience.
