

KLOTEN

CHAIR | SM6045-CH

DETAILS:

A stylish combination of different materials, this chair will fit right in your modern space. Brown leatherette covers the back and base of the piece, contrasted with gray fabric on the seat, arms and back rest. Not just for touch and texture, the two-tone design also provides visual appeal. Alongside the wooden, angled legs, the vertical profile is kept low to the ground for a sleek silhouette that is hard to ignore.
