

DOWNDRAFT TRIM KIT

-- Installation Instructions --

1. Temporarily place trim in front of downdraft airbox to align with range or cooktop.

2. Peel backing from adhesive on the four (4) individual tabs.

3. When aligned properly, press tape and trim against airbox front. Apply moderate pressure to each tab.

4. Install range or cooktop according to manufacturer's instructions. Ensure that range or cooktop meets front edge of trim so that gaps are minimized or eliminated.

ENSEMBLE DE BORDURE

-- Directives d'installation --

Models / Modèles / Modelos

FSVDD30SS	29" (73.6 cm) x 2-1/16" (5.4 cm) x 1/2" (13 cm)
FSVDD36SS	35" (88.9 cm) x 2-1/16" (5.4 cm) x 1/2" (1.3 cm)
FSVRVDD30SS	30" (76.2 cm) x 2-1/16" (5.4 cm) x 3/4" (1.9 cm)
FSVRVDD36SS	36" (91.4 cm) x 2-1/16" (5.4 cm) x 3/4" (1.9 cm)
FSRVVDD48SS	48" (121.9 cm) x 2-1/16" (5.4 cm) x 3/4" (1.9 cm)

1. Placez temporairement la bordure devant le boîtier d'air de la hotte pour l'aligner avec la cuisinière ou la surface de cuisson.

3. Une fois correctement aligné, pressez le ruban adhésif et la bordure contre l'avant du boîtier d'air. Appliquez une pression modérée sur chaque languette.

JUEGO DE MOLUDRA

-- Instrucciones de instalación --

1. Coloque temporalmente la moldura de la estufa frente a la caja de ventilación del tiro descendente para alinearla con la estufa o superficie para cocinar.

2. Retire la parte posterior del adhesivo en las cuatro (4) lengüetas individuales.

3. Cuando estén correctamente alineadas, presione la cinta y la moldura de la estufa contra el frente de la caja de ventilación. Aplique una presión moderada a cada lengüeta.
