#### Dimensions

Depth	9
Height	8 3/4
Width	10 1/2

#### Features

360 Rotation on Base	Yes
Base	Yes

#### Electrical

Hz	60
Volts	120

The Pro Line® Series Electric Kettle is built for speed. It quietly boils water in minutes. The variable temperature control allows you to select the exact temperature you desire to help you achieve optimal results. The dual wall construction helps keep the water temperature hotter for longer, while keeping the outside of the kettle cool to the touch.
