## Winona Coffee Table Botticino Beige Marble

Soft shape. Strong material. Meet marble's quieter side. Winona brings a calm confidence to the room. Its Italian Botticino marble top features gentle curves that soften the silhouette, paired with slim metal legs that keep the whole piece feeling light. A modern take on a classic stone, sculptural, simple, and sure of itself.

- Soft, Organic Shape: The table's oval shape softens the look of your living space, adding an organic feel that complements various design styles.
- Italian Botticino Marble: Crafted from premium Italian Botticino marble, the tabletop adds a touch of refinement as subtle grey veining dances across the creamy white natural stone surface.
