Product Description: Create a calming resort-inspired retreat in your home with the laid-back, 35-inch high Sundance Barrel Back Counter Stool. The appealing lattice design of the cane seat back combines with a loose back pillow and an upholstered seat covered in the Zuri Cream performance fabric to invite you to linger and relax. The legs, arms and footrest are finished in Cliffside, a rich brown finish with light burnishing on the edges, and the footrest has a Copper sheet for durability and an extra design detail.

Collection Features: Melding the salty, yet cozy oasis of the California coastline with a modern surf culture, Surfrider is defined by the use of natural materials including rattan, jute rope, stone, gypsum, bamboo and driftwood motifs. Designed to create relaxing spaces to escape from the pressures of modern life, it is featured in a light,

natural Driftwood finish. Luxurious materials, shapes and textures combine to create a relaxed, yet sophisticated style that epitomize the lifestyle of a casual, beach-town community.

Status: Active

Finish: Cliffside: a rich, dynamic brown finish with light burnishing on the edges. Distressing includes sandblasting, drawknife and wormholes.

Features: Tack in floor glide
Copper sheet on footrest
Performance fabric seat
Loose back pillow
Nailhead trim on seat
Swivel motion

Material: Fabric, Rattan, Nailheads and Copper Sheet

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.

Fabric 1: Zuri Cream (Performance); 83% Polyester, 17% Acrylic; Cleaning Code: WS (Clean water-based stains with water-based cleaning agent, clean oil-based stains with solvent cleaner)
