# Aimee Framed Painting

Navy florals meet burlap with backbone. The Aimee framed painting uses deep blue floral forms on natural torn-edge burlap, creating bold contrast against the coarse ground. Loose brushwork gives the tulips and foliage a gestural feeling, while the raw edge sits naturally within the solid pine wood frame. The result feels expressive, textured, and artfully unfinished. Flowers, with a little edge. It gives the wall a finished focal point with a clear mood.

- Expressive Floral Forms: Loose navy floral brushwork captures tulips and foliage with movement, giving the Aimee painting a gestural presence, giving the artwork a more layered wall presence.
- Natural Burlap Ground: Print on natural torn-edge burlap adds coarse texture and warmth behind the deep blue floral composition, giving the artwork a more layered wall presence.
- Raw Edge Framing: The torn burlap edge sits within a solid pine wood frame, giving the piece an artful unfinished quality, bringing comfort and surface character together.
