

STICKLEY®

Graceful and roomy, the six-drawer Martine Tall Chest features soft curved posts and molding along with out-swept saber legs in mid-century style. It's topped by two narrow drawers and a false-front single one below. Horizontal cherry veneers are continuous-matched across the smaller faces, and our custom-designed pendant pulls, finished in Brushed Bronze, scale up in size on the deepest drawer. The top-right drawer holds a lined jewelry tray.
