

MPI-WP187-S-120

Media Presentation Wall Plate – International Version – Crestron DigitalMedia 8G, 50µm OM3 Fiber, White

Media Presentation Wall Plates complete the total Crestron® package, ensuring end-to-end Crestron quality for every installation. A range of wall plates is offered to support all types of analog and digital video, audio, and control signals. The MPI-WP International Version wall plates are designed to fit both European (DIN 49073) and UK (BS 4662) wall boxes^[1], and are finished using decorative face plates.^[2] The MPI-WP187-S features one (1) female SC type optical fiber connector labeled for DigitalMedia 8G Fiber. A bulkhead type feed-thru connector is used, providing a female SC connection at the rear of the wall plate to facilitate installation using **CresFiber® 8G Fiber Optic Cable** or equivalent.
