

# Fanciful Chair

Caracole

An all-around standout, this softly curved swivel chair introduces a free-flowing, organic style to seating areas. A quilted ginkgo leaf pattern fanning out along the back creates repetition and subtle movement, accented by a cream-colored contrast welt and plinth base wrapped in pearl vinyl. Expertly tailored in tonal gray performance fabrics, inside and out, for a look of luxury that's also livable. Makes a statement on its own, even more dramatic in pairs.
