

## SPECIFICATION SHEET

### Tribe V

To expand on the Tribe III's phenomenal success, Totem is introducing the Tribe V, the next evolutionary step toward on-wall perfection. Featuring the Totem's Torrent™ driver, the Tribe V provides the highest caliber on-wall performance available.

The Tribe V powerful drivers provide energy, quickness, bass and articulation beyond anything made. New compact high-efficiency exotic alloy tweeter with 3/8-inch thick aluminum faceplate completes the equation. Its 8-ohm easy impedance load along with its earth shattering resolution and wickedly deep and tight bass (down to low 30's) will make the Tribe V the ultimate center unit and the world's finest architectural speaker.

Magnetic grill included.
