

RDP-XF300IPN

Power your party for up to 7 hours and let this 40-watt, portable Bluetooth® speaker dock pump tunes from your iPhone®, iPod® or iPad® with Lightning™ connector. Just plug in your device or stream music wirelessly over Bluetooth®. There are also multiple sound modes to suit your taste and 20 FM radio presets.

Enjoy clear, powerful sound

Experience rich, crisp sound from this powerful 40 Watt (20W + 20W)¹ stereo speaker system. Full-range speakers in addition to separate tweeters, deliver a complete and enjoyable listening experience.

Dock for Apple® devices with Lightning™ connector²

Dock, listen and charge your compatible Apple® device with Lightning™ connector, including: iPod®, iPhone®, iPad® and iPad® mini² (charges when using AC adaptor).

Stream your music wirelessly

Unleash your music with Bluetooth® audio streaming functionality and wirelessly control the fun with your enabled music devices, digital music player, smartphone, tablet, or computers.

Move from room to room

With a retractable tray and built-in, rechargeable battery (for up to 7 hour battery life)³ you can enjoy your favorite tunes anywhere around the house, indoors or out.

Retractable Flexible dock connector

The durable and easy to use flexible dock connector, compatible with the iPhone® 5, accommodates many cases so you can plug and play. It also retracts to provide a clean look when no device is docked.²

Enjoy FM radio programming

A built-in digital FM tuner with 20 station presets lets you choose from a wide variety of radio, talk and music programming.

Enjoy Multiple Sound Modes

Select from 5 different sound modes (Flat, Vocal, Rock, Pop, Jazz) for optimized listening pleasure.

Convenient Battery Level Indicator

For your convenience, a battery life display, on the front of the dock, displays battery status including overall remaining charge.

Control your tunes with remote control

Control your iPod®, iPhone® or iPad® from across the room with the included full-function remote control.

Plays well with others...

An auxiliary audio input lets you connect digital music players to the speaker dock for easy access to your music (cable not included).

Free Sony® D-Sappli™ App available

A free Sony® App (D-Sappli™), available at iTunes®, enables expanded speaker functionality when using an Apple® device with the following features: an enlarged clock display, a music play timer, and a sleep timer.⁴
