84UB9800 84" CLASS (84" diagonal) **65UB9800** 65" CLASS (64.5" diagonal)

The premium UB9800 series ULTRA HD TV line-up lets you enjoy stunning 4K resolution on the big screen.* It is equipped with our exclusive Tru-ULTRA HD Engine Pro, which upscales SD or HD content in lifelike, near-ULTRA HD so everything you watch will be enhanced. And, because we use an IPS panel you get a wider viewing angle. Now any seat is the best seat in the house. What's a great picture without great sound? With sound designed by Harmon Kardon, the LG UB9800 lets you enjoy impressive audio, directly from your TV.

PRODUCT HIGHLIGHTS

4K RESOLUTION

LG ULTRA HD TVs offer 4 times the resolution of Full HD* for an ultra-clear picture, even on large screens.

IPS PANEL

Make any seat the best seat in the house with a clearer and more consistent image at wide viewing angles compared to conventional screens.

10 BIT-COLOR

LG's ULTRA HD 4K TV's with 10-bit color depth display over 1 billion colors. That's almost 60x more than TV's with an 8-bit color depth. With so many more colors to express, you'll see a picture that is more detailed and natural.

*4K/UHD content delivery standards still being developed.
