Product Description: Add visual interest and functionality to a room with the West End Loft Four Door Server. Two drawers and shelving behind four doors provide discreet and organized storage space. A dark tuxedo finish adorned with small-scale reeding is a decorative element that adds texture and a subtle, stylish touch to the overall design. Whether used in a dining room, living room, or kitchen, this server becomes a stylish storage solution that is a practical and aesthetically pleasing addition to your home.

Collection Features: The West End Loft bedroom and dining room collection is inspired by a traditional reeded design element but with today's elevated style. The small scale reeding is accented by a luxurious piece of vertical hardware in the center of the case.

Status: Active

Finish: The dark tuxedo finish exudes character and timeless appeal

Features: An exquisite blend of classic, transitional design and contemporary flair Features one drawer and an adjustable shelf behind each pair of doors for concealed storage

Small-scale reeding adds a touch of refinement, elevating the overall aesthetic to new heights

Material: Ash Wood Veneers

Drawer Construction: English Dovetail Drawer Construction

Frame Construction: Pulaski uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
