Enjoy espressos, lattes and cappuccinos, just the way you like, with the KitchenAid® Semi-Automatic Espresso Machine with Automatic Milk Frother Attachment. This is the first residential espresso machine that features dual, smart temperature sensors, that maintain the perfect brewing temperature shot after shot. The fast-heating thermocoil technology heats water up to the ideal brewing temperature in less 45 seconds. And, the low pressure pre-infusion and 15-bar Italian pump work together to make a deliciously rich, thick crema. The included Automatic Milk Frother Attachment, attaches to the KitchenAid® Semi-Automatic Espresso Machine and prepares milk for delicious lattes and cappuccinos. Programmable dosing and a variable micro-foam adjuster allow you to adjust the milk amount and texture to match your taste and preference.

Top Features

Optimal Temperature for Authentic Tasting Espresso

Maintains Optimal Heat through Extraction

Prepare 1 or 2 Espresso Shots
