Gavin Green Accent Table

4000-0209

In Stock | New

Overall: 22.75"h x 11"dia.

Finish: Green / Antique Brass

Materials: Cast Aluminum

Item Weight: 14 lbs.

The Gavin Green Accent Table is a nod to the industrial age when traditional design was growing more complex. The entire table is made of cast aluminum, but the middle of the column has a textural surface known as knurling. These hand-finishing marks make this small metal table special, as does the contrast of the middle column to the base and top, which are in a warm antique brass finish.
