Recommended Care	Dust frequently with a clean, damp, lint-free cloth. Frequent dusting will remove abrasive buildup which can damage a finish over time. Occasionally use a light application of a high quality furniture polish to enhance the beauty of the wood finish. Avoid using oily polishes or waxes.
	Avoid exposing your furniture to strong sunlight. Prolonged exposure to direct sunlight can fade the finish of your furniture. Do not expose your furniture to any liquids. Never allow water to sit on your furniture. Alcohol, nail polish and perfume are also dangerous, as they can dissolve the furniture finish on contact and may require professional repairs.
