

RISE 36" FRENCH DOOR FREESTANDING REFRIGERATOR

Signature Features

TRISENSOR™ ELECTRONIC CLIMATE CONTROL

Compose ideal climates for tempting ingredients and choice beverages. Three sensors, one in the refrigerator, one in the freezer and one exterior ambient sensor, manage temperatures for exceptional, consistent climate control.

TEMPERATURE- CONTROLLED GOURMET BAY™ DRAWER WITH SELF-OPENING LID

Whether you're marinating a steak or storing a charcuterie tray, the full-width temperature-controlled storage drawer allows chilled air to circulate, creating an environment that is cooler than the rest of the refrigerator.

ELECTRONIC CONTROLS WITH LED DISPLAY

ADJUSTABLE GLASS SHELVES WITH SPILL SHIELD TECHNOLOGY

Easily adjust clear glass platforms, which are wrapped in sleek metal trim and feature an opaque forcefield that helps contain minor spillovers.

ONE-HAND INTERNAL WATER DISPENSER

Let crisp water flow. A sleek internal water dispenser lets you access cool filtered water while maintaining a seamless stainless exterior.

UNDERSHELF WINE BOTTLE RACK

Drench your desires. Up to four bottles of cool, liquid temptation are chilled from neck to end. Easily attach the rack to brackets on the supports of one shelf.

COUNTER DEPTH DESIGN

Add additional kitchen space with styling that fits virtually flush with the countertop.

LED LIGHTING

LED lighting within the refrigerator compartment, freezer compartment and interior drawers reveal vivid details.

RISE™ DESIGN EXPRESSION

Forged for an era of striking proportions, robust lines of the RISE™ Design Expression draw the eye to its bold, professional-style design. An asymmetrical, diamond-knurled texture wraps around a strong, postured handle that is meant to be grasped.
