RCD-N7

RCD-N7 Network CD Receiver/Optional SC-N7 Loudspeakers

Wi-Fi Network Streaming AM/FM/CD Player With Integrated iPod Dock

100th
Anniversary
since 1910

DENON

Enjoy your iPod® and Online Music with this Network Streaming AM/FM/CD Receiver

The RCD-N7 is a CD receiver system that lets you set your iPod or iPhone® into a dedicated dock on the top to enjoy music with high-quality sound or listen to Internet radio or online music. Fast broadband connection to the Internet is achieved via an Ethernet cable or wireless LAN (Wi-Fi), allowing you to enjoy your favorite music or programs anywhere you like in your home. Since the RCD-N7 supports Wi-Fi Protected Setup, it is extremely easy to connect to a Wi-Fi network and immediately enjoy the benefits. Of course, you can also enjoy CDs, FM/AM radio, and music files recorded on USB memory or other media. Despite the RCD-N7's compact size, it delivers plenty of output power at 65W + 65W, filling your listening space with a beautiful and natural tonal balance. Shown with optional SC-N7 speakers.
