**Type:** Nightstands

**Category:** Bedroom

**Collection:** Affinity

**Color:** Greige Oak

**Number of Shelves:** 0

**Number of Drawers:** 1

**Number of Leaves:** 0

**Style:** Transitional

**Finish:** Grays

**Brand:** Hooker Furniture

**Product Description:** Sleek and sophisticated, the Affinity Leg Nightstand blends a simple one-drawer top with a pewter and antique white bar pull with an intriguing base combining rounded X-motif legs and a center stretcher. Crafted of Oak Veneers, the nightstand is finished in a wire-brushed greige and antique white finish.

**Collection Features:** Soft, rounded forms combine with sand-blasted greige and antique white finishes to create an inviting transitional boutique collection in Affinity. The main finish for the 20-piece collection of bedroom, dining room, occasional, accents and home entertainment is a wire-brushed greige (gray/beige) on quartered white oak. Pewter and antique white hardware and soft linen fabrics add intrigue.

**Status:** Active

**Finish:** Greige sand-blasted finish on quartered oak veneers with cream and pewter bar pull

**Features:** One drawer

Levelers

Pewter and cream bar pull

**Material:** Oak Veneers

**Drawer Construction:** Hooker Furniture offers full height, full depth and full width drawers for maximum storage capacity. All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use. Plywood drawer bottoms are attached to plywood drawer sides for strength and durability. Metal side guides or wood on wood guide systems operate smoothly.

**Finish Construction:** Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

**Frame Construction:** Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
