Complete your perfect look by mixing and matching your decor with the extensive range of products from Butler Specialty Company! Discover endless possibilities to express your style and create a space that truly feels like home.

Marble features a smooth top with subtle gray veining

Marble is a natural stone product and is known for its variation in color, carbon deposits and veining patterns. Variations in shade and markings are normal and can be expected with the natural materials used in the construction of this product. Due to the porous nature of marble, it is vulnerable to staining agents and high heat.

Avoid placing hot or wet items on the surface. Coasters highly recommended.

Weight Capacity: 25 lbs

Ideal for use as a side table, end table or accent table in a living room, bedroom, office

To clean, wipe with a dry cloth; dust regularly. No harsh chemical cleaners that can damage the wood or marble.
