MOE'S

Sunseeker 3 Piece Outdoor Sofa Light Blue

The sofa that moves with your plans—and the sun. Sunseeker's 3-piece setup is made to configure, shift, and reset without the heavy lifting. Tufted seats and clean piping keep the look tailored in light blue, while quick-dry foam and an aluminum frame are ready for everyday outdoor life. Use it as an easy conversation spot, then rearrange as the light changes. When you're done, the pieces fit together to stack and store, keeping your space open and uncluttered.

- Tailored Outdoor Look: Tufting and piping give the sectional a clean, finished feel, with a light blue color that keeps the mood bright.
- Outdoor-Ready Fabric: 100% polyester upholstery pairs with quick-dry foam, helping the cushions recover faster after pool splashes and damp mornings.
- Modular Frame Support: An aluminum frame keeps each piece lighter to handle, while providing steady support across multiple configurations and everyday use.
- Reconfigure And Store: Pieces fit together to build new layouts, then stack and store when you want to clear the patio fast.
