Product Description: Brilliant in a soft blue finish with wood grain showing through and a subtle, oversized scallop motif on the door fronts, the Round Valley Entertainment Credenza sets the tone for a beautiful room. Accommodating up to a 65-inch TV, the credenza has 3 doors with soft-close hinges and push latches, two adjustable shelves behind the pair of left doors and one adjustable shelf behind the right side door. Vented back panel and 3-plug electrical outlet included.

Collection Features: Come closer to Melange, and you will discover something unexpected. An eclectic blending of colors, textures, and materials in a vibrant collection of one-of-a-kind artistic pieces, Melange is meant to inspire you and fuel an experience of self discovery, inspiring a renaissance in your home. Each piece of Melange has its own story. The designs are versatile and timeless, easily transcending from one life stage to the next, from home to home and generation to generation.

Levelers

Material: Oak Veneers and Resin

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
