

TREHARRIS

POWER SOFA | FM62002WH-SF-PM-PK

DETAILS:

Bring home a stylish, modern sofa so comfortable, you won't ever want to leave it! Hallmarks of modern design include low, wide track arms and a squared off attached cushions. The Sherpa-like fabric is among the softest of its kind. The star feature here though is the technology behind it--with a touch of a button, footrests and headrests move to accommodate any body shape or preference. Charge your phone with the USB port while you lie down and relax after a long day's work.
