

The Polysleep Pillow

We believe the Ultimate night's sleep starts at the top and works its way down. That's why we've developed a new pillow experience that's fully **customized to your needs**. It's also soft and squishy. The pillow is developed with a **super-soft outer cover + 4 supportive inner layers** of premium hybrid foam. The user can add and remove the different layers of hybrid foam to adjust the size and the shape of your pillow.

Breathable Cover

Using cellulosic fibers, the cover offers an incredibly soft cotton-like feeling that's lightweight, breathable, and easy to wash.

Soft Cover

The cover is made of 100% cotton, giving a silky-soft finish. Never worry about finding the cool side of the pillow again.

Adjustable

The Ultimate Pillow uses multiple layers of supportive Antimicrobial Hybrid foam. Simply open the cover and adjust the layers to find the perfect mix of comfort and support that feels just right.

HOW TO PERSONALIZE YOUR PILLOW?

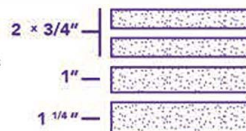

A few tips to avoid falling into a boring routine!

① Open-up your pillow cover!

② 4 layers of fun!

Add or remove the layers
The good news is, you have different sizes to play with!

③ Seek out other possibilities, there are so many!

Twist it, roll it, squeeze it, fold it!

④ Adjust the size in your likeness

Up to 9 inches of pleasure in height
