COLLECTION

International
Chiropractors
Association

BENEFITS

- Developed in collaboration with the International Chiropractors Association, a leading organization dedicated to improving spinal health.
- Three-zone support provides optimal body alignment and a neutral spine, promoting proper posture and reducing strain on your back and neck.
- Proprietary layering of advanced foams and materials is engineered to regulate temperature, ensuring optimal breathability and cooling.

The Chiropractor's choice for good sleep.

The International Chiropractors Association (ICA) works to improve the quality of life through specific and scientific chiropractic care. That's why the ICA has exclusively endorsed all MLILY branded mattresses and pillows, including the ChiroPro, designed to provide optimal body support and promote a neutral spine. Together, this partnership will support your health and wellness every sleep of the way.
