

Get it done in one—wash and dry in under 2 hours* without having to transfer clothes

Let LG's 2-in-1 WashCombo™ do the heavy lifting. Run a complete wash and dry cycle in under 2 hours, without having to transfer clothes from washer to dryer.* One appliance does it all—with a space-saving, go-anywhere ventless design. As the largest capacity combo model available, it can fit your larger loads including a king-size comforter.** And as the industry's most energy-efficient combo, you'll use up to 60% less energy with every load† Built-in intelligence and intuitive LCD dial make it easy to load, set and go.

2-Hour Complete Wash & Dry

CLEAN, FRESH AND DRY CLOTHES IN UNDER 2 HOURS*

*Based on independent testing in Wash+Dry cycle with Dryer on Energy Saver mode, 10 lb. load (October 2023). **Based on manufacturers' published specs of front load washer/dryer combos with a width of 27" or less (September 2023). †Up to 60% less energy compared to similarly-sized vented LG dryers. The industry's most energy-efficient combo based on ENERGYSTAR.gov (November 2023). ASTHMA & ALLERGY FRIENDLY Mark is a Registered Trademark of the ASTHMA AND ALLERGY FOUNDATION OF AMERICA and ALLERGY STANDARDS LTD.

2-Hour Complete Wash & Dry

CLEAN, FRESH AND DRY CLOTHES IN UNDER 2 HOURS*

- Load, set and go—in under 2 hours, your clothes will be clean, fresh and dry*
- All-in-one design lets you get laundry done while you get on with your day, without having to stop what you're doing to move clothes between 2 machines

* Based on independent testing in Wash+Dry cycle with Dryer on Energy Saver mode, 10 lb. load (October 2023).

Go-Anywhere Ventless Design

SPACE-SAVING 2-IN-1 CONFIGURATION WITH STANDARD 120V PLUG

- Sleek ventless design can be installed almost anywhere
- Unlike the big and boxy look of other washer/dryer combo models, the LG WashCombo™ flat front design, black steel or graphite steel finish, and tinted, tempered glass door brings a premium point of view to your laundry space

Greatest Energy Savings

USES UP TO 60% LESS ENERGY WITH EVERY LOAD**

- When it comes to powerful, reliable and efficient performance, there's just no comparison
- With Inverter HeatPump™ technology, you'll enjoy quiet operation and the greatest energy efficiency of any washer/dryer combo available—using up to 60% less energy with every load**

** Up to 60% less energy compared to similarly-sized vented LG dryers. The industry's most energy-efficient combo based on ENERGYSTAR.gov (November 2023).

Additional Features

Intuitive LCD Digital Dial Control

GET LAUNDRY DAY DIALED IN

- Customize your wash—or let AI Wash do it for you; laundry day is just that easy with LG's built-in intelligence and intuitive LCD dial
- Streamlined controls give you more of what you need with each turn of the dial, from helpful prompts to status updates to remaining cycle time
- Easily access more than 20 cycles and quickly modify any cycle using the touch panel for total laundry control

ezLintFilter

EASY LINT REMOVAL

- Conveniently located right on top of the WashCombo™ All-in-One, the ezLintFilter design allows you to easily remove lint after every load without having to use your hands
- Simply push out the filter from its compartment and the lint can automatically be disposed into a wastebasket without manual removal

Cleaning Performance + ezDispense® Automatic Dispenser

ADVANCED WASHING AND DRYING

- Built-in sensors use AI technology to detect fabric texture, soil level and load size, then select the right settings for the advanced cleaning performance you need
- ezDispense® automatic dispenser cleans up to 31 loads with 1 easy fill*—no more digging out detergent and fabric softener every time you do laundry

* Based on internal testing of a comparable model, 9-13 lb. loads in normal mode, up to 18 loads when using detergent and softener; up to 31 loads when using both compartments to dispense detergent only (May 2020). Always use HE (High-Efficiency) detergent with this washer.

Mega Capacity

GO BIG TO SAVE TIME AND GET MORE DONE

- Say never again to never-ending piles of laundry—this mega capacity washer/dryer combo is the largest front load all-in-one unit in its class**
- With 5.0 cu. ft. capacity, you can fit a king-size comforter and more in a single load, for big time savings every week

** Based on manufacturers' published specs of front load washer/dryer combos with a width of 27" or less (September 2023).

ThinQ® Smart Features

THINQ® HELPS MAKE LIFE HAPPEN†

- Use the ThinQ® app to control your washer/dryer combo remotely or use voice commands with Alexa and Google voice assistants
- ThinQ UP™ appliances evolve with you through continual software updates for new downloadable features and enhancements sent wirelessly to the appliance
- ThinQ Care™ helps keep your appliance running smoothly by sending proactive usage, maintenance and diagnostic alerts to your smartphone

† Available on select LG smart appliances. Features may vary by model.
