Alva Wall Sculpture Set Of 4

Gallery wall energy, already curated. The Alva Wall Sculpture Set of 4 brings a bold, modular look to your space—four square panels with modernist geometric forms pressed across the surface. The all-black finish keeps it graphic and grounded, letting texture do the talking. Made with Ecomix over an MDF base, each panel adds dimension without visual clutter. Hanging hardware is included, so you can line them up, stagger them, or go grid.

- Modular Panel Set: Four square panels let you create a clean grid or a more playful arrangement, bringing instant structure to wide walls and hallways.
- Textured Geometric Faces: Modernist shapes are raised across each surface, adding depth and shadow in an all-black finish that stays bold but versatile.
- Hang-Ready Hardware: Hanging hardware is included for straightforward mounting, so your four-piece layout goes from idea to wall without extra steps.
