## Medium

### Cooling Fabric

Foreverbed's cooling fabric is specifically engineered to keep you at the perfect sleeping temperature all night long.

### 2" 14 ILD Graphite Infused Talalay Latex

Foreverbed's latex foam is free from allergens, effectively regulates temperature, boasts remarkable durability, and is naturally antimicrobial. To enhance thermal performance, graphite is incorporated to absorb body heat, ensuring nearly ideal conditions.

### 1200 Series Nano Coils

Foreverbed's Nano coils undergo an electronic tempering process, providing enhanced comfort and support while guaranteeing the durability needed to last a lifetime.

### Quantum Edge Pocketed Coils

Foreverbed's Edge to Edge pocketed coils feature a double row of quantum coils along the outer edge, providing reinforcement to prevent edge breakdown.
