FOUNDERS

This pedestal end table is the perfect companion for your elegant sofa set. Place it against the end of your sofa or beside the armchair to bring out the best in its beauty. The sleek and stylish design of this table is a sure shot winner in any type of surrounding. The pedestal end table is made entirely out of metal and offers a sturdy base on the floor. The surface area of the table is small; however, it is perfect for keeping small lampshade or flower vases.
