Neso Catchall Natural Travertine

Minimalism, with a place for your everyday. Neso is a small catchall that turns natural travertine into a calm landing zone for keys, rings, and loose change. The rounded bowl shape softens the look of stone, while the subtle veining keeps it visually interesting without feeling busy. Set it by the door, on a nightstand, or on your desk to corral the little things beautifully. It's the kind of detail that makes surfaces feel considered.

- Soft Curve Silhouette: A rounded, minimal bowl shape adds a gentle sculptural note to tabletops, balancing crisp décor and hard edges nearby.
- Natural Travertine Character: Made from travertine with one-of-a-kind veining and tonal variation, bringing organic warmth that layers easily with wood and metal.
- Catchall Function: Sized for small essentials like keys, rings, and earbuds, keeping surfaces organized while still reading as a decor object.
