**Product Description:** The Brighton Round Table combines functionality with aesthetic appeal. The round shape and stylish metal base make this table adaptable to various dining spaces, from cozy breakfast nooks to elegant dining rooms. A 24" leaf accommodates different seating requirements, providing extra space when needed while maintaining a compact size for everyday use. The North Star finish completes the overall look, adding a casual glam feel to your dining space.

**Collection Features:** Brighton creates an environment reflective of the Hollywood Regency style, known for its luxurious spaces, drama, and glamour. Hints of Art Deco styling and modern simplicity in the design details include a North Star finish on quartered ash veneers, metal and acrylic hardware inspired by vintage jewelry, chic silhouettes, and fancy face patterns on drawer fronts.

**Status:** Active

**Finish:** The soft, neutral tone of the North Star finish offers a modern, serene, and stylish aesthetic

**Features:** Casual glam style with modern elements creates a luxurious and livable environment  
The classic round-shaped tabletop promotes a sense of intimacy and easy conversation, while a strong base ensures even weight distribution  
Includes a 24" leaf, making the table 56.25" wide to accommodate large gatherings, significantly enhancing the table's functionality and versatility  
A metal base offers a balanced and visually stunning contrast

**Material:** Ash Wood Veneers

**Frame Construction:** Pulaski uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces.

These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
