Product Description: The Archives Entertainment Console brings a sophisticated blend of materials and finishes to your home entertainment space. Featuring four woven-cane panel doors and adjustable shelving, this console is designed to accommodate an 80" flat-screen TV, offering style and functionality. The high-clarity Classic Walnut finish over walnut veneers adds warmth and richness, while the ventilated back panel ensures your electronics stay cool. Ideal for those seeking a luxurious, yet practical piece to enhance their living room.

Collection Features: Archives taps in to a design trend that mixes modern, trendy styles with historic elements, known as "hipstoric". Complementing a variety of design styles with timeless forms and elements, the trend creates a sense of undeniable luxury. Layering rich and authentic materials, such as figured walnut veneers, top grain leather, woven raffia, and polished marble, Archives' assortment speaks to consumers who yearn for structured elegance with a dash of mystery

Status: New

Max TV Size: 80" Flat Screen

Finish: High clarity Classic Walnut finish adds richness and depth. Custom pull hardware in Satin Brass finish.

Features: Four doors with woven-cane panel door fronts

One adjustable shelf behind each end door

One adjustable shelf behind pair of center doors

Ventilated back panel

Material: Figured Walnut Veneer and Raffia

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
