**Collection Features:** Hooker Furniture has added the Sonnet collection to its broad product offering. Spanning casual bedroom, dining, home office and occasional furniture, Sonnet is a textural, modern-leaning collection that provides a wide variety of flexible design options. Designed to appeal to a broad audience, pieces can be styled in a number of ways throughout the home, which creates a flexible yet cohesive feeling from room to room. Sonnet features a light, airy and versatile aesthetic empowering our customers to create a unified, on-trend look throughout their homes. Crafted with quartered and cathedral-cut white oak veneers in a light earthen-toned finish named Wren, the Sonnet collection features a mix of natural textures and refined, minimalist silhouettes. Woven split cane, tapered metal bases and polished stone surfaces add visual interest and tactile appeal. Neutral performance fabric and custom, satin-finish hardware enhance the vibe.

**Drawer Construction:** Hooker Furniture offers full height, full depth and full width drawers for maximum storage capacity. All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use. Plywood drawer bottoms are attached to plywood drawer sides for strength and durability. Metal side guides or wood on wood guide systems operate smoothly.

**Finish Construction:** Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

**Frame Construction:** Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
