

# Foster Sinks

Leonardo 1B 20" UM - **1013 660**

## HIGHLIGHTS

### Foster Brushed finish

The exclusive finishes are the result of diligent research, the aim being to achieve the perfect combination between good looks and functionality. A distinctive feature, a true trademark that makes our products stand out for the ease with which they can be cleaned.

### Diamond shaped bottom

The water drainage on the base of the sink is a minimalist but original design, with perfectly square edges and a diamond shaped bottom, that allows perfect flow of water.

### 3 different levels

Leonardo sink has an ingenious design that makes it simple to use a large set of optional accessories. Thanks to the three supporting steps the accessories rest on different levels.

### First supporting step

On the first supporting step, the topmost one, the innovative Black grids slides. Once the preparations are complete, the grids can be used to completely close the sink, hiding the bowls and ensuring a perfect order in the kitchen.

### Second supporting step

It is meant to support and allow the sliding of a complete combination of accessories, which make some operation practical and safe. Everything can be done inside the sink, avoiding ruining or staining the surface of yours kitchen.

### Third supporting step

It is on the bottom of the quadra bowl. On this step rest the Black grids when placed on the bottom of the bowl. They can also support pots and dishes, preventing the scratching of the steel surface of the sink underneath.

<b>Series</b>	Leonardo
<b>Model</b>	Leonardo 1B 20" UM
<b>material</b>	AISI 304 stainless steel
<b>finish</b>	Satin finish
