## Mako Console Table Brown

Busy entryway? Give it a plan. The Mako console table turns that drop-everything moment into a composed scene, with Art Deco lines that feel crisp, not fussy. A solid oak frame keeps it steady, wrapped in brown PU for an easy-care vegan-leather look, and lifted on warm metal legs with matching hardware notes. The matte lacquer finish stays low-key, so your objects stand out from mornings to last-minute guests.

- Deco Linework: Art Deco-inspired proportions and clean edges give entryways and living spaces structure, making even simple styling feel intentional from day one.
- Oak And PU: A solid oak frame supports brown PU with a vegan-leather look, so it wipes clean easily and stays looking crisp.
- Steady Understructure: Solid wood framing and metal legs keep the profile stable, while a matte lacquer finish keeps the surface looking even.
- Everyday Drop Zone: The long top holds keys, mail, and a lamp with ease, helping high-traffic areas stay clear and organized without adding extra furniture.
