Lou Outdoor Coffee Table Light Brown

Let the marble do the talking. Lou keeps the shape clean and modern, so the Torrento marble top can steal the scene—with warm brown undertone veining that feels grounded, not flashy. Built with an aluminum sheet and corner structure plus waterproof ply, it's made for real outdoor living (spills, sun, and all). Bonus: it looks just as at home indoors when your patio plan becomes a living room plan.

- Modern Profile: A clean, contemporary silhouette keeps the look light and lets the stone's natural movement take center stage.
- Torrento Marble Top: Natural marble brings one-of-a-kind brown undertone veining, adding depth and warmth without overpowering the rest of your space.
- Aluminum Corner Details: Aluminum sheet and reinforced corners add structure and crisp definition, keeping the design feeling intentional from every angle.
- Outdoor-Ready Core: Waterproofed plywood construction is designed for safer outdoor use, so you can style it on the patio or bring it inside.
