NOTES

Power controls on both arms effortlessly adjust the recline, keeping you comfortable
 USB charging port built into power control keeps devices powered up and ready to use
 Straight console features two cup holders
 Pull-tufted, triple-divide back cushions support your back and have distinctive look
 Rounded pad-over track arms enhance comfort and provide additional forearm support
 Contoured seats with chaise pads for a comfortable, tailored look
 Built to last with our DualFlex Spring System™—sturdy steel ribbons attached to flexible coils that offer a wide range of motion and durability
 High-density cushions consist of a high-resiliency, high-density polyurethane foam core with a soft fiber wrap that ensures comfort as you sit and recline
 Available in durable, cleanable performance fabrics that will withstand everyday use by an active family
 Available in over 250 fabrics to suit any décor
 Removable backs allow for easy lifting and maneuvering through doorways
 Power allows you to smoothly recline to any position.
 A single USB port is included on each power button control on styles with arms.
 The power control allows you to independently adjust the recline, headrest, and lumbar support.
 A separate home button returns the headrest, footrest, and lumbar support to their original positions with one touch.
 A USB port is included on the power control for powering electronics.
 Zero draw technology only uses power when the USB port is in use.
 The power control allows you to independently adjust the recline and headrest.
 A separate home button returns the headrest and footrest to their original positions with one touch.

Hidden Power Button Control

The power button control is located discreetly between the seat and arm for convenient operation.

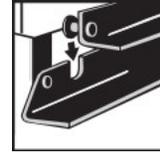

Power Recline, Headrest, & Lumbar

Power Recline & Headrest

Dimensions are in inches and are subject to variance.
 Options are subject to change without notice.

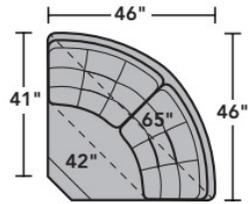

Interlocking Brackets
Interlocking brackets securely attach one sectional component to another to prevent them from separating even when reclining.
