Valencia Round Travertine Box

A travertine box with a satisfying little turn. Solid travertine gives the Valencia box natural pitting and warm cream tones, an organic, earthy quality that sits right at home on a current shelf. Thick walls lend it a solid, considered weight in the hand, while subtle groove detailing around the base adds a refined touch without overcomplicating the form. Lift the neatly turned knob and the lid lands just right.

- Solid Travertine: Solid travertine brings natural pitting and warm cream tones with nicely thick walls, an organic, earthy quality and a substantial weight in the hand.
- Groove Detailing: Subtle grooves run around the base for a refined finishing touch, adding interest to the form without crowding its clean, simple cylindrical lines.
- Turned Knob Lid: A neatly turned knob tops the lid and sits cleanly in place, making the box easy and satisfying to open, close, and keep items tidy.
