Product Description: A softly curving concave front, ornamental shield-shaped escutcheon hardware and tear-drop-shaped pendants in a time-worn bronze color, along with chic bun feet, come together to create a piece that embraces both grand elegance and beloved, time-honored forms. Featuring a soft casual pecan-colored rustic finish, practical storage is offered in this chest with its 3 roomy drawers, including a cedar-lined bottom drawer and drop-in felt liner in the top drawer. There's also a touch-light with dimmer switch and cord clip for electronics.

Collection Features: A design archive that captures epic European and American style elements spanning continents and centuries, Archivist exudes a larger-than-life ambience. With a world-traveled pedigree, Archivist embraces both grand opulence and beloved, comfortable and simple forms.

Status: Active

Finish: A soft casual finish over Pecky Pecan gives a rustic, character-filled and authentic look. The finish is complemented by antique-inspired hardware including kick plates, tear-drop-shaped pendants and ring pulls with back-plates in a time-worn bronze finish. Distressing includes rasping, chiseling, chain and cow-tailing.

Drawer Construction: Hooker Furniture offers full height, full depth and full width drawers for maximum storage capacity. All drawers have strong, time-tested English or French dovetail construction, for years of problem-free use. Plywood drawer bottoms are attached to plywood drawer sides for strength and durability. Metal side guides or wood on wood guide systems operate smoothly.

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
