**Product Description:** Serene and shimmering in a palette of silver and champagne, the Nolita Four-Door Entertainment Console is a class act for any space. Crafted of Maple Veneers, resin and metal, the console has a champagne finish with side-by-side medallion-like inserts and metal teardrop pulls in a pewter finish, along with a pewter base. The four doors have soft-close hinges, and there's one adjustable shelf behind each pair of doors, along with a ventilated back panel and a power supply. Accommodates up to a 75-inch TV.

**Collection Features:** Come closer to Melange, and you will discover something unexpected, an eclectic blending of colors, textures and materials in a vibrant collection of one-of-a-kind artistic pieces.

**Status:** Active

**Max TV Size:** 75" Flat Screen

**Features:** Four doors with soft-close hinges  
One adjustable shelf behind each pair of doors  
Ventilated back panel

Power supply  
Levelers

**Material:** Maple Veneers, Resin and Metal

**Finish Construction:** Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

**Frame Construction:** Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
