Product Description: Enjoy clutter-free and stylish entertainment with this 72-inch console featuring charming louvered doors and a trend-forward dark natural casual finish. Offering wire management and storage for media and components, the console has four doors. The 2 center doors have 2 adjustable shelves behind, and the 2 outer doors have one adjustable shelf behind each. Accommodates up to a 70-inch TV.

Collection Features: Have the best of both worlds - a high tech 70-inch TV and high-taste level console that elegantly blends with your decor. For your clutter-free entertainment, our consoles provide wire management, media and component storage.

Status: Active

Max TV Size: 70" Flat Screen

Finish: Light natural finish. Distressing includes sandblasting.

Features: Four doors

Two outer doors have one adjustable shelf behind each

Two center doors have two adjustable shelves behind

Material: Mango Solids

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not

expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
