OVERVIEW

Sometimes, simple is best. With crisp, clearly defined shapes, the Koshi collection brings minimalist organic appeal to your dining area. Crafted from solid oak, this sturdy dining table features two balanced square legs, while a spacious tabletop will supply more than enough room for dinner parties. A subtle sandblasted amber finish is a fitting finishing touch, bringing a cool element to Koshi's natural woodgrain. Pair this dining table with the Koshi bench for the full organic effect.
