

PICCOLO Rotante 13”

Compact favorite. Big on results.

Don’t let the size fool you. The **PICCOLO Rotante 13"** may be compact, but it delivers the same power and performance as its larger counterparts.
Designed for balconies, small patios or any space-conscious setup, this oven brings authentic Neapolitan pizza to even the smallest outdoor spaces.

Featuring a powerful C-shaped burner and 2nd generation rotating pizza stone, the PICCOLO ensures even heat and perfectly baked results in just 60–90 seconds. With quick preheating it makes spontaneous pizza nights not just possible, but effortless – even if the weather isn’t playing along. Ready for pizza in only 15 minutes.

Same technology. Same perfection. Simply smaller.

Rotating Pizza Stone
Even heat across the surface – no need to turn your pizza for a crispy base every time.

Bakes pizza in 60-90 sec
Fast baking with full temperature control opens up a world of possibilities beyond pizza.

C-Shaped Main Burner
The C-shaped burner ensures stable, even heat all around the pizza for consistent results.

- **U-shaped Burner**
- **Knob & Push Controls**
- **Award-Winning Design**
- **Powerful Compact Design**
- **Double-Layered Insulation**
- **All-Weather Durability**
- **Instant Flame Control**

Features

Witt Pizza ovens are built to make cooking feel easy, not demanding. They save time, remove friction, and invite you to stay present. Thoughtfully designed and made to last, they turn everyday cooking into moments worth keeping, season after season, without asking more from you than it should.

15 min

15-Minute Heat-Up
Preheats quickly and adapts for blazing bakes or low-temp classics like Roman or New York.

Knob & Push Controls
Turn for gas, push for electric ignition, and a dedicated button to spin the stone.

Award-Winning Design
Part of the acclaimed ETNA series – recipient of both iF and German Design Awards.

13" 33 CM

Powerful Compact Design
Packs full-size tech into a smaller format, ideal for patios, balconies, and urban outdoor spaces.

Double-Layered Insulation
Improved heat retention and energy efficiency – ensuring consistent performance year-round.

All-Weather Durability
Built tough with insulation – consistent results from warm evenings to chilly seasons.

Instant Flame Control
Gas gives fast heat, quick recovery, and freedom to stay in the moment from first to last slice.
