THE ECHOES COLLECTION

THEODORE ALEXANDER

THE ECHOES COLLECTION

What connects us to the past as we go forth in the modern world? Sometimes it's simply an ear for echoes, those fragments of memory, history and desire that so enrich the present. A longing for modern provenance is the inspiration for the aptly named Echoes Collection from Theodore Alexander.

Not surprisingly, there's often a ring of familiarity to Echoes Collection designs. It might be the arc of a demilune console or classic sunburst parquetry atop a pedestal table. That gate leg dining table may stir a memory and begin to paint a picture. And, interesting hand-hewn spot tables and chests feel like one-of-a-kind antique store finds – without the dust.

Echoes resonates, yet the mix is modern. Classic silhouettes for living room, dining room and bedroom are thoughtfully updated and scaled for today's homes. And Theodore Alexander has taken the starch out of traditional. The aesthetic is casual and relaxed – never precious.

The Echoes Collection is a material story too: oak wood, intricate parquetry and hand-cast aluminum, plus distressed leather and Belgian linens with widely spaced nailhead to soften the look. Our specially calibrated industrial-chic finishes are weathered and dry, but full of tactile appeal and vivacity. Entirely on trend for today's homes.

All by design. And almost entirely by hand. What better way to achieve a true time-worn and time-tested aesthetic than by making furniture the old-school way? Each Echoes Collection piece is unique and bears the marks of the maker.

From castle to condo, Theodore Alexander bridges past and present. Can you hear The Echoes?
