Product Description: The unexpected three-tier design of the Burrow Tiered Side Table is offered in a square shape with rounded corners. Crafted of Mahogany Solids in a warm Chestnut finish, the table has a compact 22-inch wide and 24 inches deep footprint and is 24 inches high. The tiers can be used as shelves for essentials or accessories.

Finish: Chestnut finish

Features: Square shape
Rounded corners
Three tiers

Material: Mahogany Solids

Finish Construction: M utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship

such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: M uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
