Availability: In Stock - Martinsville, VA

Type: Cabinets, Curio Cabinets

Category: Casual Dining

Collection: Leesburg

Color: Rich Traditional Mahogany

Number of Shelves: 4

Style: Traditional

Finish: Dark Wood

Brand: Hooker Furniture

Product Description: A stunning focal point piece, the Leesburg Display Cabinet has beautiful arched fretwork in the glass doors and a contrasting antique white finish on the back panel and 3 adjustable shelves. Two interior can lights are activated by a touch switch. Column motifs and a rich traditional mahogany finish with elegant cathedral and swirl mahogany veneers with light physical distressing create classic style with a fashionable flair.

Collection Features: Leesburg harkens back to an antebellum time when elegant traditional mahogany furnishings with graceful lines set the stage for Southern hospitality and grand occasions. The mixture of rich mahogany with the more casual antique white finish results in an unexpected twist on classic style with a fashion flair.

Status: Active

Finish: Leesburg features a rich, traditional mahogany finish with elegant cathedral and swirl mahogany veneers with light physical distressing. An accent finish offered on selected pieces is in a casual antique white. Custom-designed knobs and rosettes with an antique brass finish add distinction to Leesburg. Distressing includes worm holes.

Features: Two lights with touch switch

Finished top panel

White finish on back panel and shelves

Three adjustable wood-framed glass shelves
One wood shelf

Material: Mahogany Veneers

Finish Construction: Hooker Furniture utilizes a multiple-step finish process of up to 16 finish steps. This results in an unsurpassed clarity, depth and color richness and durability to our finishes. Through hand-craftsmanship such as rubbing and padding, our finishes feel as good as they look, with a smoothness that is delightful to the touch.

Frame Construction: Hooker Furniture uses carefully chosen solid wood and select wood veneers over durable wood products in our furniture construction. Use of veneers enables more decorative looks unattainable with solid wood. Veneers are used over durable wood products such as medium density fiberboard (MDF) and particle board, made of renewable resources. MDF and particle board are used in quality furniture for areas that need to be stable, such as large surfaces. These durable wood products do not expand and contract with heat and cold and do not absorb moisture as much as solid wood, which results in stronger and longer-lasting furniture.
